Westwood House
Thurnham Lane
Maidstone, Kent
ME14 4QZ

DESCRIPTION

Beautifully presented mid terraced house with garage located on the northern fringe of this highly sought after development. Occupying a quiet pedestrian cul de sac with a most attractive wooded outlook. The property has undergone significant works of modernisation and improvement with a just fitted luxurious kitchen and bathroom. Gas fired central heating. New UPVC doors and double glazing. New carpets and flooring throughout and has that new house feel. Arranged on two floors extending in all to 665 square feet.

Vinters park is highly sought after and the property is located on the northern fringe with a shopping parade providing for everyday needs, community centre and the adjacent Vinters Valley nature reserve with its 8 acres. Educationally the area is well served with the local Eastborough, Valley Park and Invicta schools catering for infants, juniors and seniors. Maidstone town centre is some 1 1/4 miles distant and offers a more comprehensive selection of amenities including two museums, theatre, county library, multi-screen cinema and two railway stations connected to London. The M20/A20/M2/M25 and M26 motorways are also close by and offer direct vehicular access to both London and The Channel ports.

Total floor area: 61 m²

Use this document to:

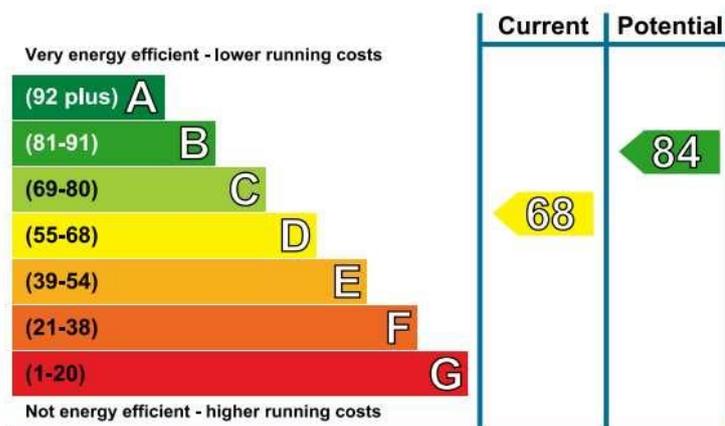

- Compare current ratings of properties to see which properties are more energy efficient
- Find out how you can save energy and money by installing improvement measures

Estimated energy costs of dwelling for 3 years:	£ 1,812
Over 3 years you could save	£ 213

Estimated energy costs of this home			
	Current costs	Potential costs	Potential future savings
Lighting	£ 261 over 3 years	£ 129 over 3 years	
Heating	£ 1,281 over 3 years	£ 1,296 over 3 years	
Hot Water	£ 270 over 3 years	£ 174 over 3 years	
Totals	£ 1,812	£ 1,599	

These figures show how much the average household would spend in this property for heating, lighting and hot water and is not based on energy used by individual households. This excludes energy use for running appliances like TVs, computers and cookers, and electricity generated by microgeneration.

Energy Efficiency Rating

The graph shows the current energy efficiency of your home.

The higher the rating the lower your fuel bills are likely to be.

The potential rating shows the effect of undertaking the recommendations on page 3.

The average energy efficiency rating for a dwelling in England and Wales is band D (rating 60).

The EPC rating shown here is based on standard assumptions about occupancy and energy use and may not reflect how energy is consumed by individual occupants.

Top actions you can take to save money and make your home more efficient

Recommended measures	Indicative cost	Typical savings over 3 years
1 Low energy lighting for all fixed outlets	£40	£ 114
2 Solar water heating	£4,000 - £6,000	£ 96
3 Solar photovoltaic panels, 2.5 kWp	£5,000 - £8,000	£ 900

To find out more about the recommended measures and other actions you could take today to save money, visit www.gov.uk/energy-grants-calculator or call **0300 123 1234** (standard national rate). The Green Deal may enable you to make your home warmer and cheaper to run.
