The property benefits from modern UPVC double glazing throughout, with an attractive composite front door for entry. The hallway has been laid with practical laminate wood flooring and features a bespoke solid oak staircase, with a recessed seating area beneath. The hallway gives access to three reception rooms, the kitchen and a useful ground floor cloakroom.

The front reception room (previously an integral garage) has been recently converted to create a snug living area, offering a versatile space to use as a child's play space, ground floor bedroom or just a cosy living space to enjoy in the cooler seasons. It offers a large double glazed window to the front and fitted carpet flooring. To the rear of the hallway are the two larger reception rooms, one is a generous lounge area featuring fitted carpet flooring, wall mounted contemporary electric fire and UPVC double glazed patio doors, flanked by windows at the rear providing light, access and views into the garden. The room has an archway that leads seamlessly through to the dining area, providing ample space to house a large table and chairs. The dining space has a continuation of the same fitted carpet as the lounge and benefits from a large window to the rear.

The kitchen has been fitted with a matching range of contemporary white high gloss base, larder and wall mounted units, with a dark marble effect laminated worksurface over. The kitchen offers an abundance of storage space and comes complete with integrated appliances to include; dishwasher, fridge/freezer, washing machine and dishwasher. It benefits from a large free standing 'Range' style

cooker with gas hobs, a stainless steel sink unit positioned below the front aspect window and a door to the side of the room providing convenient access outside.

To the first floor the landing gives access to four bedrooms, the shared family shower room and a useful airing storage cupboard. Three out of the four bedrooms are good sized double bedrooms, all benefitting from fitted carpet flooring, large double glazed windows and fitted wardrobe storage. The fourth bedroom is a larger than average single bedroom with fitted carpet flooring and a large window to the front aspect. All the rooms share the use of the family shower room. It has been fully tiled throughout and is fitted with a walk in double shower cubicle, a vanity wash hand basin with cupboard storage below and a low level WC.

There is an obscure glazed window to the side.

Externally the front of the property benefits from a recently laid resin driveway, allowing for off road parking for three/four vehicles with convenient drop curb access. The property has tall wooden gates to both sides allowing for access into the enclosed rear garden.

The rear garden has been beautifully landscaped and offers three main areas to enjoy. There is a generous paved patio area that wraps around first raised tiered section of garden. In the far corner of the patio area is a timber shed, ideal for offering garden storage. The first tiered area is mainly laid to artificial grass and is complimented with raised borders to two sides, planted with a wonderful array of mixed plants and flowers. The second tiered area beyond the first is a level raised decking area, offering a secluded and elevated space to enjoy the garden.
