BLEWBURY • OXFORDSHIRE

SWEETCROFT HOMES

OXFORD

A STUNNING LOCATION IN BEAUTIFUL OXFORDSHIRE

A UNIQUE VILLAGE WITH A CHARACTER AND HISTORY ALL OF ITS OWN

NESTLING BELOW the chalk landscape of the North Wessex Downs area of outstanding natural beauty and the Ridgeway – often described as the Oldest Road in Europe – lies the thousand-year-old ‘spring-line’ village of Blewbury. It is a village like no other, criss-crossed by chalk streams which rise from a number springs at the foot of the Downs and form several ponds around the village. The author Kenneth Grahame, famous for the magical children’s book *The Wind in the Willows*, lived on Westbrook Street for ten years until 1920.

BLEWBURY is ideally located near some of Oxfordshire’s major technology hubs and employment centres, and is just minutes from the A34 and Didcot Parkway station.

Its location between the Downs and the Vale of White Horse opens up many opportunities to explore Oxfordshire’s varied rolling countryside, as well as the charming market towns of Wantage, Wallingford and Abingdon on Thames, all of which have a wide range of independent and national shops, including a Waitrose in each.

WESTBROOK FARM is an individual collection of four substantial, five-bedroom family homes by acclaimed Oxfordshire developer Sweetcroft Homes. It is in a secluded location off Westbrook Street, which runs along Blewbury’s western edge. The main house is a contemporary interpretation of a large, traditional farmhouse, while the barn-like design of the other three properties is influenced by local styles.

THE SWEETCROFT EXPERIENCE

AN EXCLUSIVE GROUP OF JUST FOUR SUBSTANTIAL PROPERTIES IN DELIGHTFUL SOUTH OXFORDSHIRE

THE INDIVIDUAL CHARACTER, high standard of workmanship and painstaking attention to detail of a Sweetcroft Home show through from the moment you step over the threshold.

We consistently strive to exceed our buyers' expectations, guiding you personally through every stage of your purchase.

This approach has grown out of our very close involvement in every aspect of the journey, from consideration of design detail in conjunction with our trusted architects to specifying fixtures and fittings which are just right.

We are very conscious of our responsibility to build homes which are environmentally conscious, so we engineer and insulate all our homes to exceed current standards by up to 40% and have been highly commended for our success.

The beautiful homes at **WESTBROOK FARM** are designed to perfectly suit modern family life and provide the space you need to grow over the years, with well-proportioned entertaining and family spaces, good-sized gardens and beautifully fitted bathrooms and ensuites; all the showers are wet room-style, with large glass panels to add a touch of luxury to your morning shower.

We know how important it is to spill out into the garden when the days are warm. That's why we install either bifold doors or French doors in all our properties. Each house benefits from super-fast fibre optic broadband and has a separate office – an essential now more people are choosing to work from home.

Welcome to your new Sweetcroft Home – designed to be as beautiful to live in as it is to look at.

Westbrook Farm
