Identity Check Services

1. If the Client elects to receive the Identity Check Services, the Provider shall make available to the Client the ability to authenticate the identity of an individual (“**Applicant**”) through identity checks which shall be carried out by Experian Limited (“**Experian**”) based on the Applicant’s Personal Data provided to the Provider, either by the Client or by the Applicant, for the purposes of using the Identity Check Services (“**Search Data**”). The Client agrees to pay the Identity Check Service Fees in accordance with Clause 12 of these Terms.

2. The **Identity Check Services** include the following:

ID Hub	The provision by the Provider to Client of a service whereby identity authentication scores are delivered to the Client in respect of Search Data received by or on behalf of the Client or from the Applicant.
Identity IQ	The provision by the Provider to Client of an identity verification solution – this solution will corroborate Search Data, made up of answers provided by an Applicant based on certain data sources, against those data sources.

3. The Identity Check Services will provide the Client with results, reports and information from Experian (“**Verification Information**”).

4. Where the Client provides the Search Data directly to the Provider, the Client:

- a. warrants that it shall notify each Applicant at the point of collection of the Search Data that:
 - i. a search will be carried out with Experian for the purposes of verifying the Applicant’s identity;
 - ii. Experian may check the details the Applicant supplies against any particulars on any database (public or otherwise) to which Experian has access in order to verify the Applicant’s identity; and
 - iii. Experian will retain a record of the search; and
- b. shall not use the Identity Check Services if notification has not been provided to an Applicant in accordance with paragraph 4.a of this Schedule 7.

5. Where the Client instructs an Applicant to provide the Search Data directly to the Provider, the Client warrants that it has obtained all permissions and/or authority to enable the Provider to contact the Applicant for the purposes of carrying out the Identity Check Services and that such contact will not breach applicable law or regulation.

6. The Client:

- a. shall not use, or allow others to use, the Identity Check Services or the Verification Information (or both) to provide authentication, fraud prevention or any other information-based services to any other third party;
- b. acknowledges and agrees that it shall make its own independent evaluation and decision on the suitability or otherwise of each Applicant based on all information that is or becomes available to it;

- c. acknowledges and agrees that the Provider and Experian are not liable to it in relation to the Identity Check Services and that no warranties, representations or guarantees are made in relation to the Identity Check Services and/or Verification Information (except to the extent liability cannot be excluded by law);
 - d. warrants that it has a valid data protection registration in its own name and address which covers the processing for which the Verification Information may be used ("**Valid Registration**") and that the Valid Registration is, at all times, displayed on the public register available on the website of the Information Commissioner's Office (www.ico.gov.uk);
 - e. shall not use the Identity Check Services if, at any time, it does not have a Valid Registration; and
 - f. acknowledges and agrees that Experian may retain a record of searches carried out on an Applicant's credit report and that the results of such searches will be visible to the respective Applicant only, and will not affect the Applicant's credit rating.
7. The Provider reserves the right to suspend, alter, or cease the provision of, the Identity Check Services at any time without notice to the Client.
8. The Client acknowledges and agrees that the questions asked by the Identity Check Services may be subject to restrictions that apply to the data that is used by Experian to carry out the checks under the Identity Check Services, or may be subject to restrictions in the future. Such restrictions are imposed upon Experian by its data suppliers and/or law and regulation. Accordingly, in order to comply with these restrictions, the Provider is entitled at any time to remove from the Identity Check Services certain types of questions.
9. If the Client is receiving a version of the Identity Check Services that uses the full electoral roll in order to ask certain types of question, the Client warrants and represents that it shall only use the Identity Check Services for purposes consistent with meeting any obligations contained in the Money Laundering Regulations 1993, the Money Laundering Regulations 2001 or any rules made pursuant to section 146 of the Financial Services and Markets Act 2000.
10. In order for the Provider to provide the Identity Check Services to the Client (and in order for Experian to comply with the licence terms which British Telecommunications plc and/or other third party suppliers of telephone number data require), the Client agrees to the following:
- a. the Client appoints Experian as agent under this Agreement for the purpose of using the Search Data to carry out directory enquiry searches for and on its behalf of it;
 - b. the Client authorises and instructs Experian to:
 - i. use any retrieved telephone numbers resulting from such directory enquiries for the sole purpose of comparing such telephone numbers against any telephone numbers contained within the relevant and applicable data and producing a score based upon whether there was or was not a match of telephone numbers; and
 - ii. incorporate the score referred to in paragraph 10.b.i of this Schedule 7 into the overall score delivered by the Identity Check Services;
 - c. the Client instructs and confirms that telephone numbers retrieved from such directory enquiry searches are for use as input into the comparison process described in paragraph 10.b.ii of this Schedule 7 only and Experian are not required to return such telephone numbers to the Client;
 - d. the Client acknowledges that where it accesses GRO Mortality data within the Identity Check Services the Client must provide as a minimum, name and date of birth details for the relevant Applicant.

11. The Client accepts that the Identity Check Services involve models and techniques based on statistical analysis, probability and predictive behaviour and are not intended to be used as the sole basis for any business decision. The Provider is therefore not able to accept any liability for any failure of the Identity Check Services to achieve any particular result.
12. The Client shall permit the Provider (on reasonable notice and during normal working hours) to audit the Client's compliance with its obligations in relation to the use of the Identity Check Services and the Verification Information except that the Client agrees that it shall permit the Provider to audit its compliance with the terms of this Schedule 7 immediately if the Provider is notified by Experian that Experian reasonably believes the Client may have breached the terms of this Schedule 7. The reasonable costs of an audit under this paragraph 12 will be paid (i) by the Client if the Client has breached the terms of this Schedule 7, or (ii) by the Provider if the Client has not breached the terms of this Schedule 7.
13. All Intellectual Property Rights in the Verification Information will remain vested in the Provider (or its relevant licensors) and to the extent that any rights in such data or materials vest in the Client by operation of law, the Client hereby assigns such rights to the Provider.
14. Each party:
 - a. acknowledges and agrees that it shall not acquire or claim any title to any of the other party's Intellectual Property Rights (or those of the other party's licensors) by virtue of the rights granted to it under this Schedule 7 or through its use of such Intellectual Property Rights;
 - b. agrees that it will not, at any time, do, or omit to do, anything which is likely to prejudice the other party's ownership (or the other party's licensors' ownership) of such Intellectual Property Rights; and
 - c. agrees not to remove, suppress or modify in any way any proprietary marking, including any trade mark or copyright notice, on or in the materials of the other party and agrees to incorporate any such proprietary markings in any copies it takes of such materials.
15. If the Provider reasonably believes that the Identity Check Services have been used in breach of this Agreement by the Client the Provider shall be entitled to suspend provision of the Identity Check Services and the Client shall co-operate fully with the Provider's investigations into such use and shall use all reasonable endeavours to resolve the Provider's investigations.
16. The Provider acknowledges that for the purposes of the Data Protection Legislation, it shall authorise the Provider to provide a copy of the Search Data to Experian for the purposes of carrying out the identity checks required under Anti-Money Laundering legislation and that Experian shall be a Data Controller of any such copies of Search Data provided to it.
