### **Sit back and relax...**

To the left, the bright and generously proportioned reception room unfolds, centred around a charming gas coal fire with a limestone hearth and mantle. A large front-facing window floods the space with natural light, complemented by three pendant lights overhead. The room seamlessly flows into a dining area which has an opaque window to the side.

A pair of sliding doors open to reveal a further sitting room with a television point to the side and access to the kitchen. Glazed patio doors provide a lovely outlook onto the landscaped gardens to the rear.

This area is appointed with a range of white wall and base units which include an electric oven and grill, gas hob with hooded extractor fan above and space for a microwave and a refrigerator-freezer. A white tiled splash back runs between the units whilst a stainless-steel sink unit with etched drainer sits below a window to the rear and has plumbing for an automatic washing machine beneath.

From here, there is access to the rear porch containing the boiler and providing access to the garden.

Completing the ground floor accommodation is a contemporary three-piece shower room. This recently fitted suite is fully tiled and includes a walk-in shower with monsoon head and glazed panel to the side, a back-to-wall w.c. and vanity wash hand basin. A chrome heated towel rail sits below an illuminated mirror whilst the space is illuminated further by recess downlights and an opaque window to the side.

The master bedroom is a spacious double room with two windows across the rear and an integrated wardrobe space to one wall.

A sleek pocket door slides to one side to reveal a convenient two-piece en suite, finished with neutral, modern tones and comprising of a close coupled w.c. and vanity wash hand basin with illuminated mirror above.

The landscaped rear garden is firstly laid to Indian stone with much space for al fresco dining and enclosed by attractive timber fences to either side. A detached single garage is positioned to one side and equipped with electric up-and-over doors, power and lighting.

The second tier is laid to shale with a feature patio area, presenting another quaint seating area to sit and enjoy the surroundings. The rest of the garden is made up of a
