Energy performance certificate (EPC)

50 Burridge Road Burridge SOUTHAMPTON SO31 1BT	Energy rating **D**	Valid until:	**6 September 2036**
		Certificate number:	**0732-3066-4201-0856-1200**

roperty type	Detached house
otal floor area	142 square metres

Rules on letting this property

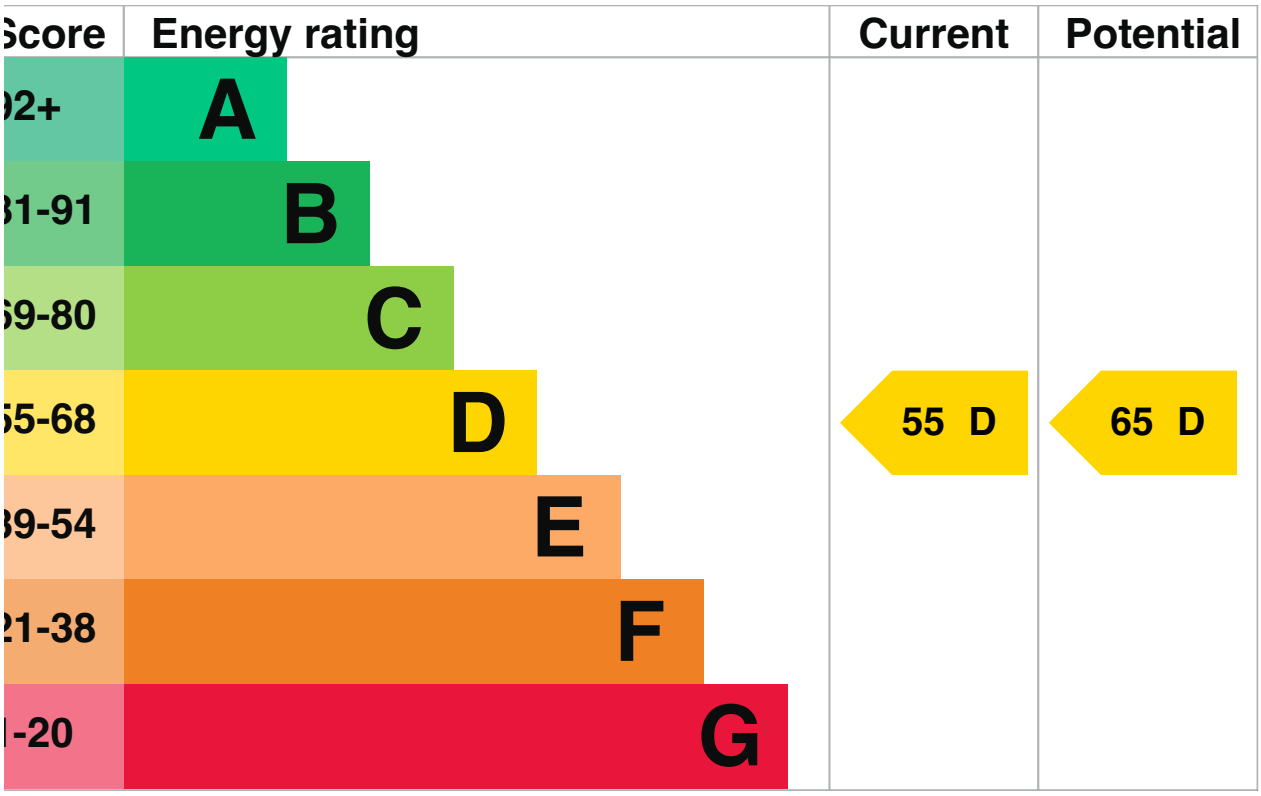
operties can be let if they have an energy rating from A to E.

u can read guidance for landlords on the regulations and exemptions (https://www.gov.uk/guidance/domestic-private-rented-operty-minimum-energy-efficiency-standard-landlord-guidance).

Energy rating and score

is property's energy rating is D. It has the potential to be D.

e how to improve this property's energy efficiency.



e graph shows this property's current and potential energy rating.

operties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy b e likely to be.

r properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

Breakdown of property's energy performance

eatures in this property

atures get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how ll features work or their condition.

sumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

ature	Description	Rating
all	Cavity wall, filled cavity	Good
oof	Pitched, insulated (assumed)	Average
oof	Roof room(s), no insulation (assumed)	Very poor
ndow	Fully double glazed	Average

ain heating	Boiler and radiators, oil	Average
ain heating control	Room thermostat only	Poor
t water	From main system	Average
ghting	Good lighting efficiency	Good
oor	Solid, no insulation (assumed)	N/A
tightness	(not tested)	N/A
condary heating	None	N/A

rimary energy use

e primary energy use for this property per year is 178 kilowatt hours per square metre (kWh/m2).

About primary energy use

mart meters

is property had **a smart meter for electricity** when it was assessed.

nart meters help you understand your energy use and how you could save money. They may help you access better ergy deals.

nd out about using your smart meter (https://www.smartenergygb.org/using-your-smart-meter)

low this affects your energy bills

average household would need to spend **£1,760 per year on heating, hot water and lighting** in this property. These sts usually make up the majority of your energy bills.

u could **save £246 per year** if you complete the suggested steps for improving this property's energy rating.

is is **based on average costs in 2026** when this EPC was created. People living at the property may use different nounts of energy for heating, hot water and lighting.

---

eating this property

timated energy needed in this property is:

- 15,780 kWh per year for heating
- 2,413 kWh per year for hot water

mpact on the environment

is property's environmental impact rating is E. It has the potential to be D.

operties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.

arbon emissions

n average household produces	6 tonnes of CO
his property produces	6.1 tonnes of CO
his property's potential production	4.9 tonnes of CO

u could improve this property's CO2 emissions by making the suggested changes. This will help to protect the vironment.

ese ratings are based on assumptions about average occupancy and energy use. People living at the property may use ferent amounts of energy.

teps you could take to save energy

Do I need to follow these steps in order?

tep 1: Flat roof or sloping ceiling insulation

ypical installation cost	£900 - £1,20
ypical yearly saving	£5
otential rating after completing step	57 D

tep 2: Floor insulation (solid floor)

ypical installation cost	£5,000 - £10,00
ypical yearly saving	£11
otential rating after completing eps 1 and 2	60 D

tep 3: Heating controls (programmer and TRVs)

ypical installation cost	£220 - £25
ypical yearly saving	£7
otential rating after completing eps 1 to 3	62 D

tep 4: Solar photovoltaic panels, 2.5 kWp

ypical installation cost	£8,000 - £10,00
ypical yearly saving	£25
otential rating after completing	

dvice on making energy saving improvements

t detailed recommendations and cost estimates

elp paying for energy saving improvements

u may be eligible for help with the cost of improvements:

Free energy saving improvements: Warm Homes Local Grant (WHLG)
Heat pumps and biomass boilers: Boiler Upgrade Scheme
Help from your energy supplier: Energy Company Obligation

Who to contact about this certificate

ontacting the assessor

ou're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

ssessor's name	Luke Banbury
elephone	07879636628
mail	luke@agency-assist.co.uk

ontacting the accreditation scheme

ou're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

ccreditation scheme	Elmhurst Energy Systems Ltd
ssessor's ID	EES/026284
elephone	01455 883 250
mail	enquiries@elmhurstenergy.co.uk

bout this assessment

ssessor's declaration	No related party
ate of assessment	7 September 2026
ate of certificate	7 September 2026
